Moderation League Meeting At Chauvin

The opening meeting of the liquor referendum campaign was held in Chauvin Saturday night by a public meeting addressed by speakers from the Moderation League.

The chair was occupied by Major H. Strachan, V.C., who briefly introduced the visitors.

Mr. B. C. Thompson of Calgary was the first speaker. He said that the Moderation League was organized to carry clause "D" on the ballot paper. In the League were men of all shades of politics. He outlined the history of the Liquor Act, stating that the present state of things was entirely different from the original proposals. He had voted to abolish the bar, but it was now the duty of each individual to determine in his own mind whether or not prohibition had been a success after seven years. He also urged that everybody get out and see that their names were placed upon the voters list, and that a special effort be made to get the silent vote to the poll.

Mr. A. L. Giroux of Edmonton stated that this was his second visit to Chauvin and recalled his visit to the St. John Celebration in 1917. The chairman was one of military and welfare of the country. Emphasizing the moral side of the issue he said that to drink liquors was not a sin, and the law of the country should not make it a crime. We cannot sterilize society from temptation. Prohibition had never been successful. China tried prohibition 3000 years ago and bred worse evils—she had given the world opium. Prohibition in Turkey was likewise a failure, as witness her atrocities in Armenia, her slaughter of women and children throughout recent times until the recent despicable behaviour in Smyrna. Women's status in Turkey and Morocco under a prohibition regime was very low and undesirable.

From the economic viewpoint prohibition had been a failure in Alberta we now had stagnation and emigration the government had cut down grants to schools discharged 20 school inspectors, had no money to build roads, increased taxation and paid fat salaries to legislators. In B. C. a surplus of a million and a half had been applied to roads and education. Whilst in Quebec, which had the least debt of any province in Canada, they had the lowest rate of taxation, and derived four million dollars from the sale of liquors—seventy per cent of which was consumed in prohibition.

The consumption of liquor in Quebec had decreased seventeen per cent. He quoted the blue laws in eastern states, had prohibited a march from bathing from November to March without a doctor's prescription; and the law that ducked the gossiping woman; and forecasted that the present prohibition blue law would come the same fate as these predecessors.

Col. W. A. Weaver opened his speech by referring proudly to the record attained by the "C" squadron of the Alberta Dragoons. They had established a record second to none in Western Canada. Personal liberty had been fought for during the past centuries by French and British allies, and had only been obtained at cost of great sacrifice. In the past war 60,000 lives had been spent to attain (Continued on foot of next column)

Pelican Notes

Trainmaster and Mrs. C. G. Smith of Turton, Missouri, are visitors at the home of Mrs. H. B. Thomas, J.P.

Threshing is in full swing in this district with most crops at least fairly good.

The members of Heard Bros. threshing crew witnessed a harvest and rather interesting spectacle on Tuesday afternoon. It was none other than Will Thorpe on the oil wagon. At last the spell is broken, Bill!

And now for the Devil's punch bowl prohibition or no.

Pes Big Shaver is still happy all the time—?

Sunflowers and threshing—but never mind. Fred every dog has his day. Oh, its four o'clock in the morning.

And now that a chime is mastered, will a pipe organ be next, Fred?

A case of apples will keep the doctor away for many days. \$1.25 per case at Sakers.

(Continued from preceding column) personal liberty, and to prevent us being compelled to practise the prussian goose step. No nation became great that prohibited personal liberty. Prohibition was a restriction of personal liberty. Our friends the prohibitionists, he added, are fond of quoting figures favorable to their contentions. They cited crime has decreased seven per cent in Alberta, but did not state that there is an increase in dry Saskatchewan, whilst in terrible B. C. there has been a decrease, not of seven per cent, but of twenty-one per cent. Supt. Bryan A.P.P., in his report states that the liquor act has thrown an onerous duty upon the police paid payment not being behind it. The liquor act, Col. Weaver added was scandalous—a reversion of the principles of British justice which put the onus of proof on the accused. It took away from the ordinary man the right of appeal. It used physical force where moral suasion should have been. It encouraged suspicion and hatred. True temperance could alone be attained by moral influence of home, school and church.

At this juncture an opportunity was given for opposite speakers to take the platform and questions were invited. This privilege not being availed of.

J. A. Clarke, ex-mayor of Edmonton, stated this he had discovered when he had been twice defeated in his campaign for mayorship of Edmonton for he found so many of his friends in the country. He stated that the 2390 legislators who received \$250 for 10 hours session were responsible for the ballot as presented to the electorate. Their authors were Messrs Wyte, McLaughlin and Davidson who should undertake to explain its meaning. It was our duty to decide for ourselves that which caused the least harm and promised the greatest good in the questions now presented.

Messrs Strachan, Paul, MacKenzie and D'Albertsson were appointed a local committee, after which the meeting dismissed, having sung the National Anthem.

Mr. A. L. Giroux delivered an address upon the question after lunch at Sunday morning.

Presentation To Mrs. W. Millar

On Friday evening of last week, the members of the Westminister Ladies Auxiliary gathered at the home of Mrs. G. McNutt and spent a very pleasant social evening. A dainty lunch was served by Mrs. McNutt assisted by Mrs. McBechne and Mrs. Foxwell. At the conclusion of the repast Mrs. H. N. Freeman on behalf of the members of the Auxiliary read an address to Mrs. Millar in which they testified their appreciation of her work whilst amongst them and expressed their good wishes for her in new home, and presented her with a case of silver knives.

Mrs. Millar thanked the ladies for their good wishes and gift which she would take with her to her new home as a remembrances of them.

Basket Ball Notes

On Saturday last the Chauvin Basketball team journeyed to Ribstone and played a game with the Ribstone team resulting in a victory for Chauvin, the score being Chauvin 3, Ribstone 8. Mr. Cecil Burton acted as referee. The game was one of the best played this season.

Mr. Geo. Reynolds and Mr. Jensch conveyed the Chauvin players to Ribstone.

Chauvin School Fair Was Successful Event

Chauvin High School gained the highest total at the school fair so will receive the government diploma. Lloyd Reynolds received the highest number of points, among the boys so will be given the short course at Oids School of Agriculture.

Jean McSparran received the highest number of points among the girls so will also be given the course at Oids School of Agriculture.

Tuesday, last September 25th the Chauvin School Fair was held in the Agricultural grounds. The proceedings opened with a parade of the different schools in the district. The procession presented a gay appearance with banners and decorated vehicles and gaily attired children.

On reaching the grounds the procession broke up with a band shouting the school yell. After which the judging of the various exhibits proceeded. The quality of the exhibits was excellent especially in the art classes, the judge remarking that it was the best exhibition he had seen this year in the school fairs. He also asked that the 1st and 2nd prize exhibits in the art classes be kept for him as he wished to have an exhibition of them.

Good exhibits were also shown in the vegetable and live stock classes. Messrs T. O. Clarke, Kenneth Prior, Benn and Nelson, and Mr. D. J. Christ, Miss Dominy, and Miss J. Cairns acted as judges for the various classes of the exhibits.

MILLINERY DISPLAY

Miss Coleman Milliner of Wainwright will visit Chauvin on Tuesday and Wednesday, October 16th and 17; with a choice selection of ladies and childrens fall hats. You are cordially invited to come and inspect them. At Toy's store.

Hop, Step and Jump—Open class
1st Paul Furber; 2nd Donald Folkins; 3rd Geo. Fahner.
Relay Race—(Team of four from each school)
1st Chauvin 2nd St. Aubins; 3rd Putzeville.
Centepede Race—(Team from each school)
1st St. Aubins; 2nd Chauvin; 3rd Putzeville.

A interesting baseball game was played between Chauvin and St. Aubins. Chauvin being the winning team.

Winter Flowering Bulbs

BY A LOCAL GARDENIER

Polyanthus Narcissus—These are a very fine variety producing a profusion of sweet scented flowers for best effect, two or three bulbs should be planted in one five inch pot, or in boxes two inches apart.
Soil and cultural methods are the same as for Hyacinths and tulips.

Chionodoxa (Glory of the Snow)—A class of hardy bulbs of dwarf habit, very suitable for growing indoors.

Each bulb produces several graceful flower spikes about six inches long, the flowers are star shaped azure blue with a white centre and a prettiness all its own.

Scilla Siberica (Star Hyacinth)—is another hardy bulb of dwarf habit, and is easily grown in the house. The flowers are light blue star shaped resembling the Chionodoxa. It should be grown slowly, retarding the growth as much as possible so as to bring it into bloom in the early spring.

Ixia, (African Corn Lily)—A flower of very graceful habit; producing an abundance of many colored flowers on spikes about eight inches long. As it most effective in masses plant six bulbs in a five inch pot, or in boxes two inches apart. When planting surround the bulbs with about an inch of clean coarse sand.

Oxalis, or Bermuda Buttercup—A most desirable plant for growing indoors. It is a very robust grower and produces an abundance of bright yellow flowers. One bulb is sufficient for a five inch pot.

Sparaxis—Are of dwarf habit attaining a height of front six to ten inches, a little like the Ixia. The flowers are compact, in spikes of the richest and most varied colors, spotted and flaked with pure white, yellow, orange, red, purple and violet.

They do well grown in pots or boxes, five or six bulbs in a five inch pot or two inches apart in boxes in a rich sandy loam, keep cool in partial shade until they begin to grow, when they should receive light and water.

Inspect New Reaper

Members and officials of the provincial government headed by Hon. Geo. Hoadley, minister of agriculture, paid a visit to the farm of J. H. Hauser of Killam, this week, where Mr. Hauser is perfecting a combination of inventions to harvest grain without the necessity of combination of inventions to harvest grain without the necessity of binding or stocking. Mr. Hauser has successfully established a method of reaping grain without use of binder twine or stockers. He uses an ordinary push binder with a 12-foot swath, cutting to a five or six inch stubble and laying the grain in winrows on this stubble. An extension attachment to the machine is dropped on the second round of the field to the level of the machine table thus running the grain from the second round out 24 feet laying it on top of the first winrow. The grain dries perfectly by lying on top of the stubble. In threshing Mr. Hauser has been using a loader with an elevator

which runs along the winrow and lifts the grain into the loader. By a patent arrangement the grain is unloaded from the loader at the separator in neat stacks. Mr. Hauser's plan is to perfect a combination of the loader and thresher. So interested is the government in Mr. Hauser's efforts

to perfect his ideas and solve to a great extent the problem of harvest labor, that it is considering steps to assist him, and to procure the full benefit of his operations for the farmers of the province.

Get More Bread—Fisher's Bakery

Use Sun Set Soap Dyes for all light fabrics. They work wonders with weather worn wraps, curtains and light weight materials. For heavier goods we advise Diamond Dyes, all colors in stock. 15c per package for either one.

Ford

A Saving Of

\$300 and \$160

On the Sedan

On the Coupe

NOW

On or about January 1st, 1924, the Ford Motor Co. of Canada, Ltd. will be in production on a new Four-door Sedan and a new Coupe identical with those now being produced in the United States. The prices on these new models will be:

4-door Sedan - - - \$985.00
Coupe - - - 755.00

We have on hand a limited number of the present Coupe and Two-door Sedans which can be obtained at the following prices:

2-door Sedan - - - \$685.00
Coupe - - - 595.00

This frank statement of merchandising and production policies is made to settle all the rumors that have been circulated regarding Ford cars and prices in Canada. The considerable saving in price on present models gives you the opportunity of driving your Ford closed car this winter.

Prices of New Models

4-door Sedan - \$985.00
Coupe - 755.00

Prices of Present Models

2-door Sedan - \$685.00
Coupe - 595.00

All prices quoted are F. O. B. Ford, Ontario and do not include government taxes.

With winter close at hand this differential in price should be all the more attractive. You can obtain the advantages of closed car comfort and distinction by availing yourself now of these prices.

Before Police Magistrate C. T. Lally of Wainwright.

Rene Page on complaint of Eddie Cote, was charged with common assault of Eddie Cote. Fined \$20.00 and \$16.50 costs.

Case dismissed.

Rene Page, on complaint of Eddie Cote was charged with pointing a gun at Eddie Cote. Case dismissed.

Ernest Page, on complaint of Eddie Cote was charged with assault causing bodily to complainant. Defendant was sent up for trial on the next Higher Court; and allowed out on bail in the sum of \$2,000.00.

Counsel for the prosecution: J. C. Landry and T. H. Saul.

Counsel for the Defence: J. A. MacKenzie.

The three other charges laid were withdrawn.

Hearing Wednesday from 1 o'clock to 6 o'clock p.m. Saturday from 1 o'clock to 7.15 p.m.

LOCAL NOTES

October the first—and we are picking ripe strawberries from our gardens in Chauvin.

Rev. W. Millar has terminated his ministry in Chauvin and leaves at an early date for Sintulna, Sask. He has been appointed in charge of an Indian school and mission at this point.

Rev. MacKenzie will conduct services at Edlinglassie, Killarney and Chauvin next Sunday.

The weather during the past week has been entirely favorable to threshing operations which have been proceeding apace during the whole period.

First shipment of new crop pure water white grade clover hay arrived at Saker's last week.

Do not fail to inspect the display of Fall Millinery at Roy's Store on Tuesday and Wednesday October 16-17 Miss Coleman off Wainwright will be there with a nice range of moderately priced ready to wear hats for ladies and children. Hats to order will also be made by Miss Coleman in the latest models.

Miss Olive Folkins left last week to take a course of studies at the University of Alberta Edmonton. We wish Miss Folkins every success.

Mr. and Mrs. MacDonald of Stroy Plain are visiting Mr. and Mrs. Freeman.

Mrs. Black who has spent the summer in Chauvin, returned to her home in Calgary on Sunday last, accompanied by Ruth Parcels.

We note that Saker's unloaded another car of fruit this week.

During the busy times of harvesting and threshing housewives and bachelors can save themselves considerable labor and time by buying their bread from J. P. Fisher, the Chauvin Baker.

Strachan Bros. have some twenty good grade heifers for sale and a number of pedigree bull calves of the same breed. These are very choice stock, and are well worth your consideration.

The Alberta stocker and feeder show and sale will be held at the Alberta stock yards Calgary, October 9 to 12.

Good glasses if you need them: good advice if you don't. Consult C. C. McKennie if you have persistent headaches, or if you are troubled seeing to read, sew, knit, etc., C. C. McKennie Graduate Optician, Chauvin
